

Retesting

If you are not satisfied with your test results and course placements, you may retest.

- There is a \$10.00 fee for retesting. This must be paid to the Business Office prior to retesting. Your receipt is required when attending your retest session.
- Study materials and practice exams are available on the website and in the Testing Center.
- Retests are available on a walk-in basis during Accuplacer hours listed online at anokaramsey.edu under Testing Services.

PLACEMENT TESTING

Assessment and placement is required for all students. The Accuplacer assesses skill levels in reading, English and mathematics. Although the placement tests do not determine admission to Anoka-Ramsey Community College, they do determine entry into some courses. Test results are used to determine the appropriate course placement to promote student success.

Reading & English test results are valid for three years. Math scores are valid for two years.

Contact an advisor if you have questions regarding your placement at advising@anokaramsey.edu or 763.433.1230.

Reading & English

Reading & English test results are valid for three years.

Reading

Accuplacer	ACT	
0-27		Adult Basic Education (ABE)
