2017-2018

Business: Office Technology Emphasis

Associate of Applied Science (AAS) Degree

Program Requirements 22 Emphasis Requirements 23 General Education/MnTC 15 Total Credits 60

Program Information

This program is designed for students interested in preparing for entry-level positions in office technology. The AAS degree combines general education and business concepts and procedures to fully prepare the graduate for employment. Students can complete the coursework on a full- or part-time basis; however, it is recommended that the degree be completed within four years. This degree offers an on-the-job internship to help bridge the gap from academics to the workplace. Students may petition to substitute an alternative business course for the internship and seminar if they have recent relevant work experience. For assistance in program planning, or to explore additional transfer options, students should schedule a time to meet with an academic advisor. This degree may transfer in part or in its entirety to baccalaureate institutions. Students should meet with a representative of the transfer institution when planning their program.

Program Goals

By completing this program, students will achieve the following learning goals:

- Apply critical thinking skills in the identification, analysis, resolution, and assessment of business problems;
- 2. Exhibit interpersonal skills and professional attitudes while working with company stakeholders;
- 3. Express ideas, information, proposals and reactions clearly and professionally, in written and spoken form;
- 4. Apply knowledge of financial concepts used in personal and business environments that translate into positive financial outcomes;
- 5. Use ethical principles in business decision making;
- 6. Identify the major factors of competitive success utilized by domestic and global business organizations;
- 7. Apply office and business procedures to effectively manage an office environment, employees, and systems; and
- Demonstrate the ability to utilize current business software programs and information technologies in the creation and distribution of company communications and the creation, analysis, and retrieval of data.

Developmental Courses

Some students may need preparatory courses in the areas of English, mathematics, reading, or typing/keyboarding. Courses numbered below 1000 will not apply toward this degree.

Completion Requirements

- A minimum of 60 semester credits in courses numbered 1000 or above
- A minimum cumulative grade point average (GPA) of 2.0 in courses numbered 1000 or above at ARCC.
- Satisfy residency requirements. See page 27.
- Completion of specific degree requirements.
- To receive your diploma, you must apply to graduate.
- The requirements of this program are subject to change without portion.
