Quick Tip:
Get outside!
Enjoy the nice spring weather in Minnesota! It is scientifically proven that being outdoors has positive benefits on physical and mental health. Be sure to practice safe social distancing while outside, but try to get out daily if you can.

Spread the LOVE!
Brightly colored hearts are popping up on windows, sidewalks and buildings everywhere. The movement is intended to bring forward the message of spreading the love, not the germs. Check out the facebook page with pictures here.

Have you seen any hearts? Maybe you want to join the movement and share the love by adding some hearts too!
