

# System Administration

Associate of Applied Science (AAS) Degree

Program Requirements .....	22
Program Electives .....	23
General Education/MnTC .....	15
Total Credits .....	60

## Program Information

The Associate of Applied Science (AAS) in System Administration degree program provides students with the fundamental knowledge and skills required for learning industry specific methodologies and recognized standards associated with computer system administration. Students will develop skills and knowledge required to execute system administration and management tasks. The curriculum combines coursework in system administration along with a general education component. For assistance in program planning, or to explore additional transfer options, students should schedule a time to meet with an academic advisor. This degree may transfer in part or in its entirety to baccalaureate institutions. Students should meet with a representative of the transfer institution when planning their program.

## Program Goals

By completing this program, students will achieve the following learning goals:

1. Design and develop plans for various project and operational needs;
2. Successfully install and configure modern data center devices and technologies;
3. Demonstrate the skills necessary to maintain system and environmental standards;
4. Exhibit mastery of problem-solving skills to investigate and troubleshoot issues; and
5. Function as a responsible and ethical IT professional for organizations and society.

## Developmental Courses

Some students may need preparatory courses in the areas of English, mathematics, reading, or typing/keyboarding. Courses numbered below 1000 will not apply toward this degree.

## Completion Requirements

- A minimum of 60 semester credits in courses numbered 1000 or above.
- A minimum cumulative grade point average (GPA) of 2.0 in courses numbered 1000 or above at ARCC.
- Satisfy residency requirements.
- A minimum grade of C must be earned in all program requirements.
- All program requirements must be completed at ARCC.
- Courses within the 45 credit program requirements must be completed within four years. Student may petition to extend the window beyond the four years.
- Completion of specific degree requirements.
