

Program Description

The Business Transfer Pathway Associate of Science (AS) degree program offers students a powerful option: the opportunity to complete an Associate of Science degree with course credits that directly transfer to designated Business bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

Minnesota State Universities - Designated Degrees

- Bemidji State University: Business Administration BS
- Metropolitan State University: Business Administration BS, Entrepreneurship & Innovation BS, Finance BS, Human Resource Management BS, International Business BS, Management BS, Marketing BS, Supply Chain & Operations BS
- Minnesota State University, Mankato: Finance BS (Corporate Finance, Financial Planning & Insurance, General Finance, Institutional Finance, Investment Analysis), International Business BS, Management BS (Business Management or Human Resource Management), Marketing BS

- Winona State University: Business Administration BS

Program Goals

Upon completion of a business program at ARCC, students will exhibit proficiency in the following areas of business knowledge:

1. Critical Thinking: Apply critical thinking skills in the identification, analysis, and resolution of business problems;
2. Interpersonal and Written Communication: Exhibit interpersonal skills and professional attitudes while expressing ideas, information, and proposals in writing with stakeholders;
3. Technology: Demonstrate the ability to utilize current business software programs and information technologies in the creation and distribution of company communications and the creation, analysis, and retrieval of data;
4. Finance: Apply knowledge of financial concepts used in personal and business environments that leads to appropriate financial decisions; and
5. Ethics: Identify and utilize decision making that is ethical and socially responsible in the workplace.
