Program Information

The Associate of Applied Science (AAS) in Business: Workplace and Technology Emphasis degree program is designed to prepare students to use business technologies in the workplace. The AAS degree combines general education and business concepts and procedures to fully prepare the graduate for employment. Students can complete the coursework on a full- or part-time basis; however, it is recommended that the degree be completed within four years. For assistance in program planning, or to explore additional transfer options, students should schedule a time to meet with an academic advisor. This degree may transfer in part or in its entirety to baccalaureate institutions. Students should meet with a representative of the transfer institution when planning their program.

Program Goals

By completing this program, students will achieve the following learning goals:

1. Apply critical thinking skills in the identification, analysis, resolution, and assessment of business problems;
2. Exhibit interpersonal skills, professional attitudes, and ethical principles in business practices and communications;
3. Apply appropriate information technology in the business environment;
4. Identify the major factors of competitive success utilized by domestic and global business organizations;
5. Apply appropriate methods to effectively manage a business environment; and
6. Express ideas, information, proposals, and reactions clearly and professionally in written and spoken form.
